Here you get a free crochet pattern for recyclable and environmentally friendly water balloons. The water balloons are super smart and save you from having to collect balloon leftovers in the garden after the water fight. After use, you can wash the water balloons and use them again the next time you have a water fight. The pattern is simple and can be followed by both beginners and experienced crochet. Good crocheting!

Break the yarn and use the yarn end to tie the extra balloon a second time so that it looks like a balloon a little more.

Now the balloons are ready for use - enjoy!
